The Power of Choice

HOHOKAM IRRIGATION AND DRAINAGE DISTRICT

APPROVED BY THE BOARD OF DIRECTORS DECEMBER 21, 2021

Due to rising electrical costs to the District, the following changes will begin on the March 2022 monthly billing cycle. Notice of the kWh electric rate increase of 5% affecting power delivered and billed by the District to all District electric customers. Additionally, accounts with Monthly Services Charges or Monthly Minimum charges will increase from \$10.45 to \$15.00. Please be advised that the last rate increase imposed by the Board of Directors was made in April 2013. The District makes all reasonable attempts to keep its rates as low as possible for its customers.

THANK YOU,

MANAGEMENT
